

## LETTER TO PARENTS/GUARDIANS

Dear Parents or Guardians:

Your son or daughter is participating in a program called **S'amuser... pour de vrai**. It is an innovative, interactive and experiential program in which students take on simulated adult work roles, create a town with its services and businesses, and create a presentation to a fictional company wishing to locate in their town.

Participating in **S'amuser... pour de vrai** allows your son or daughter to assume and explore aspects of adult life in a safe, supportive environment. The program allows students to experience working world situations and helps them see the importance of education.

**S'amuser... pour de vrai** is designed to emphasize the value of all work and the importance of ongoing education, teamwork and positive attitudes. It teaches students how to define goals and plan routes for achieving them. Students in this program develop positive attitudes toward the future—attitudes that tell them they have the power to shape the lives they want to live.

The involvement of community members, particularly parents and guardians, is a key element of **S'amuser... pour de vrai** program, one that anchors it to real life. Your child may be bringing home materials to share with you. You may also be invited to attend class events. Any support or time you can give to these activities will help reinforce the issues and lessons that the program introduces and help prepare your child for the future.

If there is anything you would like to discuss about **S'amuser... pour de vrai** and your child's progress through it, or ways you would like to participate, please contact me.

Sincerely,
